

ADAM KESSLER

Nationality: British
Date of Birth: 11/08/1987

Email: adam@kessler.co.uk
Skype: a.p.kessler

Monitoring and evaluation specialist with experience developing simple, practical results measurement systems for large development programmes.

PROFESSIONAL EXPERIENCE:

Managing Director of DevLearn, August 2018 – Present

Worldwide

- DevLearn is a development consultancy specialising in results measurement, communications, and implementation support.
- Designed, marketed, and delivered online training course on results measurement using the DCED Standard. See website at www.devlearn.org. Course was taken by approximately 200 participants over 4 cohorts. For feedback from previous courses, see [here](#).

Monitoring and Results Measurement Lead at [Enterprise Partners](#), April 2016 – September 2018, Ethiopia

- Member of senior management team at Enterprise Partners, a £40 million DFID-funded private sector development programme in Ethiopia.
- Recruited and managed a six person monitoring team. Supported the team to design and conduct surveys, analyse data, and ensure that data is used for management decision making and reporting. Developed [dashboards](#), value for money reports, quarterly output reports, and led on annual reviews, logframe design and finalisation.
- Took on management of gender and green growth advisors, integrated into monitoring team and supported the development of relevant interventions.
- Received 96% in audit of monitoring system against the DCED Standard, and an A+ in the 2018 Annual Review. The MRM system was praised as “comprehensive and robust”, and “steadfastly committed to transparency and openness”.

Results Measurement Consultant, April 2012 – April 2016

Worldwide

Contracts included:

Business Innovation Facility, October 2013-April 2016

Burma, Malawi, Nigeria, UK

- Head of Global Monitoring and Evaluation for market development programme working in Myanmar, Nigeria and Malawi, with a £37 million budget.
- Responsible for all aspects of monitoring and evaluation including system design, data collection, and management. Supervised four person M&E team based in UK, Myanmar, Nigeria and Malawi.

Donor Committee for Enterprise Development, January 2013-April 2016

UK

- Supported the use of the [DCED Standard for Results Measurement](#), a practical framework for monitoring and managing results. Redeveloped [website](#) and updated guidance, conducted webinars and training in the UK and Kenya, and developed guidance for using the [DCED Standard in Challenge Funds](#), [systemic approaches](#), and [evaluations](#).

Independent Commission for Aid Impact, Jan 2014 – Mar 2015; Zambia, India, Rwanda, Ethiopia

- Team member for reviews of [DFID's nutrition portfolio](#) and [DFID's approach to impact](#).

FoodTrade, August 2013

UK and Tanzania

- Contributed to inception report for evaluation of FoodTrade, a large M4P programme which aims to improve the functioning of staple food market systems in East and Southern Africa.

African Enterprise Challenge Fund, February-November 2013

Zimbabwe, Tanzania, Kenya

- Supported AECF M&E team, covering portfolio of over 200 grants to businesses. Created a matrix for prioritising projects for results measurement, revised manual and delivered training to staff and partners on the monitoring system.

- Conducted a pre-audit review of the use of the DCED Standard in AECF Zimbabwe.

TradeMark East Africa, April 2012 – January 2013

Kenya, Rwanda, Tanzania

- Worked with multi-million dollar private sector development projects to improve their results measurement. These included complex programmes to improve the business enabling environment, develop infrastructure, and streamline trade processes. Wrote [guidelines](#) to provide an accessible introduction to the results measurement system.

Donor Committee for Enterprise Development, July 2012–July 2013

UK, Sierra Leone, Kenya

- Developed [guidelines](#) for implementing the DCED Standard in conflict affected areas. Conducted field visits to write supplementary case studies on monitoring and evaluation systems in [Somalia](#) and [Sierra Leone](#).
- The guidelines are a "must-have for anyone looking for tools to implement PSD programmes in conflict-affected areas", Enterprise Development and Microfinance Journal, June 2013.

Electoral Institute for Sustainable Democracy in Africa, August-September 2013

South Africa

- Developed monitoring and evaluation framework for EISA, a democracy promotion institute in South Africa.

September 2011 – March 2012

Ethiopia and UK

Humanitarian Leadership and Development Programme, Save the Children UK.

- Roving Monitoring and Evaluation Coordinator for Save the Children UK's emergency response in Ethiopia.

November 2010 – September 2011

London, UK

Project Officer with Project Harar, a medical charity working in Ethiopia.

September 2009- August 10

Cambridge, UK

Student Support Intern with the Humanitarian Centre, a network of organisations and people involved in international development.

July-August 2006, 2007, 2009

English Teacher with Manor Courses

England

September-November 2005

Volunteer English Teacher

Sri Lanka

EDUCATION:

2015-2018: University of Leicester, England

Masters by Research (Distinction). Mixed methods research into the effect of industrialisation on the career pathways of workers at special economic zones in Ethiopia.

2009: Cambridge University, England

Philosophy and Experimental Psychology BA, First Class Hons

TRAINING COURSES:

2017: Advanced Training in Monitoring and Results Measurement, a one week course provided by Aly Miehlabradt and Hans Posthumus.

2013: Computing for Data Analysis and Data Analysis, (Coursera), a 12 week online course offered by professors at John Hopkins Bloomberg School of Public Health, in statistics and data analysis using R.

2011: Emergency Operations Programme (Save the Children UK); training course for field-based emergency personnel, including two response simulation exercises (3 weeks total), security training for hostile environments, radio communications, field first aid, and seminars

2011: Monitoring and Evaluating in Ethiopia: 3 days as participant, 2 days as facilitator. I presented topics including Complaints Response Mechanisms, Sphere Standards, and Database Usage.
2011: SCI Global Indicators: 4 days. Delivered session on child participation indicators.
2010/11: BOND training courses: Logical Frameworks in International Development (2 day) and Monitoring and Evaluation (2 day)
2005: International House, London: Certificate in Teaching English as a Foreign Language.

OTHER SKILLS

Training and Facilitation

- With a background in English teaching, can deliver entertaining training to participants of multiple background and abilities.
- Have delivered M&E training in Ethiopia, Kenya, Tanzania, Zimbabwe, Malawi, Nigeria, and the UK.

Writing

- Write clearly and concisely, including blogs (see the [AEA](#) and [Dev Policy](#)), guidance (see the [DCED](#) and [TMEA](#)), case studies (see the [Sustainable Economic and Employment Programme case study](#)).

IT Literacy

- Proficient with all standard Microsoft Office programmes and SPSS (data analysis software).
- Advanced Microsoft Excel user.
- Proficient with data visualisation using Power Bi.
