OVERVIEW OF HARAKAT

• Harakat – Afghanistan Investment Climate Facility is an independent, not-for-profit, Afghan-managed organisation that aims to improve Afghanistan’s business environment.

• Established by DFID initiative in mid 2008 with seven year life span until 2015 – one year interim management – management fully handed over in June 2009 to the Afghan permanent team

• We provide grant funds to the private sector, government and civil society to implement activities to reduce or remove barriers that currently make it difficult to do business in Afghanistan.

• Set up as facility to be funded by donor and private sector investors – currently only DFID (£30 million)
PRIORITY AREAS

1. Financial markets that provide greater access to finance and affordable credit to all sizes of businesses, especially SMEs.

2. Streamlined and more effective regulations and creation of regulatory impact assessment systems.

3. Increased private sector investment in infrastructure, especially energy, water, agriculture and transportation.

4. More equitable and efficient taxation and customs systems.

5. Strengthened property rights and more effective contract enforcement.

6. Higher workforce productivity and mobility and improved labour market regulation.

7. Strengthened competition policy that reduces anti-competitive practices.

8. Improved capacity of government and institutions to tackle corruption.
## HARAKAT RESULTS LOGIC:

<table>

</table>
| Design          | - Identify measurable results  
- Develop baseline  
- Develop Results frameworks  
- Identify performance indicators  
- Develop project reporting mechanism  
- Support the project review process by the board | - Project documents  
- Internal Reviews  
- Projects assessment reports  
- Project reviews by the Harakat board |
| Implementation  | - Conduct regular reviews and assessments of the Harakat funded project.  
- Facilitate external reviews and financial audits  
- Review project progress reports and provide feedback  
- Prepare regular reports for the Harakat management highlight key M&E findings  
- Initiate follow-ups on key findings and recommendations  
- Guide for the release of project funds | - Project Progress Reports  
- Project meetings, reviews and site visits  
- External Evaluations and performance reviews  
- External Audits  
- Project steering committees/board meetings |
| Completion      | - Verify project completion reports.  
- Guide the Harakat management for potential follow-on activities  
- Plan for post project activities | - Project completion reports  
- M&E end of project status reports  
- Evaluation plan |
| Post Completion | - Facilitate impact evaluations  
- Follow-up on sustainability issues  
- Participate in the project review process for the upcoming phases if needed | - Projects impacts evaluation  
- Harakat board review meetings |
### Progress: How Harakat is making difference?

<table>
<thead>
<tr>
<th>Priority Themes</th>
<th>Targeted Objective Areas</th>
<th>Contribution to Investment Climate</th>
<th>Progress to date</th>

• Development of the Afghanistan National Building Codes is in progress  
• The review of consumer protection policy is in progress.  
• The development of competition policy is being finalized |
| Tackling corruption     | • Equip government with human and institutional capacities                             | • Reduces business costs  
• Builds trust between government and the public | • Extractive Industries Transparency Initiative is established. |
Challenges around measuring for results:

1) To measure results:
   - Lack of sufficient data
   - Difficult to Measuring Harakat specific results
   - Linking program level results to project level

2) To achieve results
   - Limited implementation capacities – In ability of qualified firms to work in Afghanistan.
   - Lack of commitment to implement reform agenda
   - Delays in project implementation/ time limitations

3) To sustain results
   - Lack of coherence approach from donor community and the government to sustain results
